

# Inova at-a-Glance 2020

## About Inova

Inova is Northern Virginia’s leading nonprofit healthcare provider, recognized in 2019 and 2020 by U.S. News & World Report, which named Inova Fairfax Hospital the #1 hospital in the Washington, DC region. Each of Inova’s five hospitals holds a 5-star rating from the Centers for Medicare & Medicaid Services (CMS), distinguishing Inova as the highest-rated large health system in the U.S., and the only system to have all hospitals receive five stars. All five Inova hospitals were awarded ‘A’ grades for the spring 2020 Leapfrog Hospital Safety Grades, recognizing Inova’s achievements in protecting patients from harm and providing safer healthcare. Inova Fairfax Medical Campus was named to the Fortune/IBM Watson Health 100 Top Hospitals list, ranking in the top 10 nationwide among Major Teaching Hospitals. Our mission is to provide world-class healthcare – every time, every touch – to each person in every community we have the privilege to serve. Inova’s 18,000 team members serve more than 2 million individuals annually through an integrated network of hospitals, primary and specialty care practices, emergency and urgent care centers, outpatient services and destination institutes. Inova is home to Northern Virginia’s only Level 1 Trauma Center and Level 4 Neonatal Intensive Care Unit. Its hospitals have a total of 1,936 licensed beds. More information and statistics about Inova can be found at [www.inova.org](http://www.inova.org).

## Caring for Our Community

As the region’s leading not-for-profit healthcare provider, Inova offers the right care at the right time to keep our community healthy and strong even in the midst of a global pandemic. By bringing world-class healthcare, education, and wellness programming to area residents, regardless of their ability to pay, our community benefit services amount to hundreds of millions of dollars each year.

Through subsidized health services, free or discounted charity care, clinical programs for low-income residents and investments in medical education and cutting edge research, Inova will continue to work for social justice by addressing health disparities and socioeconomic barriers, identifying gaps and strengthening resources to safeguard and advance good health for all.

Our commitment is twofold: provide access to healthcare services to make people healthy, and provide education and services to help keep people healthy. For more about our community commitment, visit <https://www.inova.org/inova-community>.
